Looking for Bitbucket behind the firewall? [Try Atlassian Stash](#) — from \$10/year for 10 users.

## Is Bitbucket free for small teams?

Yes! [Sign up for the 5 users free plan](#) and you can have unlimited public and private repositories.

## What is a user?

Someone with read or write access to one of your private repositories.

## What types of payment do you accept?

Credit card (including MasterCard, Visa or American Express) via our secure online order form at the end of your signup.

## Can I change my plan at a later time?

Yep — upgrade or downgrade your account via your [account page](#).

## Do you offer free community or academic subscriptions?

When you sign up with your academic email address, we will automatically convert your account to an unlimited academic plan. If your account doesn't automatically get converted, you can [apply to have your institution added](#).

## What about the behind the firewall edition of Bitbucket?

Meet [Stash](#), Atlassian's behind the firewall Git repository management solution. Create and manage repositories, connect to LDAP, set up fine-grained permissions, and collaborate on code — secure, fast and on your network.

## Questions?

Contact us at any time at [sales@bitbucket.org](mailto:sales@bitbucket.org).
